NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1 - Organization and Basis of Presentation

Organization

Wynn Resorts, Limited, a Nevada corporation (together with its subsidiaries, "Wynn Resorts" or the "Company") is a developer, owner and operator of destination casino resorts (integrated resorts). In the Macau Special Administrative Region of the People's Republic of China ("Macau"), the Company owns approximately 72% of Wynn Macau, Limited ("WML"), which includes the operations of the Wynn Macau and Wynn Palace resorts (collectively, the "Macau Operations"). In Las Vegas, Nevada, the Company operates and, with the exception of the retail space described below, owns 100% of Wynn Las Vegas, which it also refers to as its Las Vegas Operations.

Macau Operations

Wynn Macau features two luxury hotel towers with a total of 1,008 guest rooms and suites, approximately 273,000 square feet of casino space, eight food and beverage outlets, approximately 31,000 square feet of meeting and convention space, approximately 59,000 square feet of retail space, a rotunda show and recreation and leisure facilities.

Wynn Palace features a luxury hotel tower with 1,706 guest rooms, suites and villas, approximately 424,000 square feet of casino space, 11 food and beverage outlets, approximately 37,000 square feet of meeting and convention space, approximately 106,000 square feet of retail space, public attractions, including a performance lake and floral art displays, and recreation and leisure facilities.

Las Vegas Operations

Wynn Las Vegas features two luxury hotel towers with a total of 4,748 guest rooms, suites and villas, approximately 192,000 square feet of casino space, 33 food and beverage outlets, approximately 290,000 square feet of meeting and convention space, approximately 106,000 square feet of retail space (the majority of which is owned and operated under a joint venture of which the Company owns 50.1%), as well as two theaters, three nightclubs and a beach club, and recreation and leisure facilities.

In December 2016, the Company entered into a joint venture arrangement (the "Retail Joint Venture") with Crown Acquisitions Inc. ("Crown") to own and operate approximately 88,000 square feet of existing retail space. In November 2017, the Company contributed approximately 74,000 square feet of additional retail space to the Retail Joint Venture, the majority of which is currently under construction at Wynn Las Vegas. The Company expects to open the additional retail space in the second half of 2018. For more information on the Retail Joint Venture, see Note 12, "Retail Joint Venture."

Development Projects

The Company is currently constructing Encore Boston Harbor, an integrated resort in Everett, Massachusetts, adjacent to Boston along the Mystic River. The resort will contain a hotel, a waterfront boardwalk, meeting and convention space, casino space, a spa, retail offerings and food and beverage outlets. The Company expects to open Encore Boston Harbor in mid-2019.

The Company has begun site preparation and pre-construction activities for the re-development of the Wynn Las Vegas golf course, which the Company closed in the fourth quarter of 2017. Phase 1 of the project is expected to include a lagoon and additional meeting and convention space. The Company expects to open Phase 1 in the first quarter of 2020.

Basis of Presentation

The accompanying condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures herein are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which, except as otherwise described in Note 2 below, include only normal recurring adjustments) necessary for a fair presentation of the results for the interim periods have been made. The results for the three months ended March 31, 2018 are not necessarily indicative of results to be expected for the full fiscal year. These condensed consolidated financial statements should be read in

Table of Contents

conjunction with the consolidated financial statements and notes thereto in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Note 2 - Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying condensed consolidated financial statements include the accounts of the Company, its majority-owned subsidiaries and entities the Company identifies as a variable interest entity ("VIE") for which the Company is determined to be the primary beneficiary. For information on the Company's VIEs, see Note 12, "Retail Joint Venture." All intercompany accounts and transactions have been eliminated. Certain prior period amounts have been reclassified to be consistent with current year presentation. Such reclassifications relate to the adoption of new accounting guidance as further described below in "Recently Adopted Accounting Standards" and had no effect on the previously reported net income.

Cash, Cash Equivalents and Restricted Cash

Cash and cash equivalents consist of highly liquid investments with original maturities of three months or less and include both U.S. dollar-denominated and foreign-currency denominated securities. Cash equivalents are carried at cost, which approximates fair value.

Cash, cash equivalents and restricted cash consisted of the following (in thousands):

	March 31, 2018	December 31, 2017
Cash and cash equivalents:		
Cash (1)	\$1,199,697	\$2,354,244
Cash equivalents (2)	831,965	450,230
	2,031,662	2,804,474
Restricted cash (3)	2,017	2,160
Total cash, cash equivalents and restricted cash	\$2,033,679	\$2,806,634

(1) Cash consists of cash on hand and bank deposits.

(2) Cash equivalents consist of bank time deposits and money market funds.

(3) Restricted cash consists of cash held in trust in accordance with WML's share award plan.

Investment Securities

Investment securities consist of domestic and foreign short-term and long-term investments in corporate bonds reported at fair value, with unrealized gains and losses, net of tax, reported in other comprehensive income (loss). Short-term investments have a maturity date of less than one year and long-term investments are those with a maturity date greater than one year. The Company limits the amount of exposure to any one issuer with the objective of minimizing the potential risk of principal loss. Management determines the appropriate classification of its securities at the time of purchase and reevaluates such designation as of each balance sheet date. Adjustments are made for amortization of premiums and accretion of discounts to maturity computed under the effective interest method. Such amortization is included in interest income together with realized gains and losses and the stated interest on such securities.

Accounts Receivable and Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of casino accounts receivable. The Company issues credit in the form of "markers" to approved casino customers following investigations of creditworthiness. As of March 31, 2018 and December 31, 2017, approximately 84.6% and 81.7%, respectively, of the Company's markers were due from customers residing outside the United States, primarily in Asia. Business or economic conditions or other significant events in these countries could affect the collectability of such receivables.

Accounts receivable, including casino and hotel receivables, are typically non-interest bearing and are initially recorded at cost. An estimated allowance for doubtful accounts is maintained to reduce the Company's receivables to their carrying amount, which approximates fair value. The allowance estimate reflects specific review of customer accounts and outstanding gaming promoter accounts as well as management's experience with historical and current collection trends and current economic and

business conditions. Accounts are written off when management deems them to be uncollectible. Recoveries of accounts previously written off are recorded when received.

Derivative Financial Instruments

Derivative financial instruments are used to manage interest rate and foreign currency exposures. These derivative financial instruments include interest rate swaps and foreign currency forward contracts. The fair value of derivative financial instruments is recognized as an asset or liability at each balance sheet date, with changes in fair value affecting net income (loss) as the Company's derivative financial instruments do not qualify for hedge accounting.

Redemption Note

On February 18, 2012, pursuant to its articles of incorporation, the Company redeemed and canceled all Aruze USA, Inc.'s ("Aruze") 24,549,222 shares of Wynn Resorts' common stock. In connection with the redemption of the shares, the Company issued a promissory note (the "Redemption Note") with a principal amount of \$1.94 billion, a maturity date of February 18, 2022 and an interest rate of 2% per annum, payable annually in arrears on each anniversary of the date of the Redemption Note. The Redemption Note was recorded at fair value in accordance with applicable accounting guidance. The Company repaid the principal amount in full on March 30, 2018. As of December 31, 2017, the fair value of the Redemption Note was \$1.88 billion.

In determining this fair value, the Company estimated the Redemption Note's present value using discounted cash flows with a probability weighted expected return for redemption assumptions and a discount rate, which included time value and non-performance risk adjustments commensurate with the risk of the Redemption Note.

Considerations for the redemption assumptions included the stated maturity of the Redemption Note, uncertainty of the related cash flows, as well as potential effects of the following: uncertainties surrounding the potential outcome and timing of litigation with Aruze, Universal Entertainment Corporation and Mr. Kazuo Okada (collectively, the "Okada Parties") (see Note 13, "Commitments and Contingencies"); the outcome of ongoing investigations of Aruze by the U.S. Attorney's Office, the U.S. Department of Justice and the Nevada Gaming Control Board; and other potential legal and regulatory actions. In addition, in the furtherance of various future business objectives, the Company considered its ability, at its sole option, to prepay the Redemption Note at any time in accordance with its terms without penalty. Accordingly, the Company reasonably determined that the estimated life of the Redemption Note could be less than its contractual life.

In determining the appropriate discount rate to be used to calculate the estimated present value, the Company considered the Redemption Note's subordinated position and credit risk relative to all other debt in the Company's

capital structure and credit ratings associated with the Company's traded debt. Observable inputs for the risk free rate were based on Federal Reserve rates for U.S. Treasury securities and the credit risk spread was based on a yield curve index of similarly rated debt.

Revenue Recognition

The Company's revenue contracts with customers consist of casino wagers and sales of rooms, food and beverage, entertainment, retail and other goods and services.

Gross casino revenues are measured by the aggregate net difference between gaming wins and losses. The Company applies a practical expedient by accounting for its casino wagering transactions on a portfolio basis versus an individual basis as all wagers have similar characteristics. Commissions rebated to customers either directly or indirectly through games promoters

and cash discounts and other cash incentives earned by customers are recorded as a reduction of casino revenues. In addition to the wager, casino transactions typically include performance obligations related to complimentary goods or services provided to incentivize future gaming or in exchange for points earned under the Company's loyalty programs.

For casino transactions that include complimentary goods or services provided by the Company to incentivize future gaming, the Company allocates the standalone selling price of each good or service to the appropriate revenue type based on the good or service provided. Complimentary goods or services that are provided under the Company's control and discretion and supplied by third parties, are recorded as an operating expense.

The Company offers loyalty programs at both its Macau Operations and its Las Vegas Operations. Under the program at its Macau Operations, customers earn points based on their level of table games and slots play, which can be redeemed for free play, gifts and complimentary goods or services provided by the Company. Under the program at its Las Vegas Operations, customers earn points based on their level of slots play, which can be redeemed for free play. For casino transactions that include points earned under the Company's loyalty programs, the Company defers a portion of the revenue by recording the estimated standalone selling price of the earned points that are expected to be redeemed as a liability. Upon redemption of the points for Company-owned goods or services, the standalone selling price of each good or service is allocated to the appropriate revenue type based on the good or service provided. Upon the redemption of the points with third parties, the redemption amount is deducted from the liability and paid directly to the third party.

After allocating amounts to the complimentary goods or services provided and to the points earned under the Company's loyalty programs, the residual amount is recorded as casino revenue when the wager is settled.

The transaction price for rooms, food and beverage, entertainment, retail and other transactions is the net amount collected from the customer for such goods and services and is recorded as revenue when the goods are provided, services are performed or events are held. Sales tax and other applicable taxes collected by the Company are excluded from revenues. Advance deposits on rooms and advance ticket sales are performance obligations that are recorded as customer deposits until services are provided to the customer. Revenues from contracts with multiple goods or services are allocated to each good or service based on its relative standalone selling price. Entertainment, retail and other revenue also includes lease revenue, which is recognized on a time proportion basis over the lease term. Contingent lease revenue is recognized when the right to receive such revenue is established according to the lease agreements.

Gaming Taxes

The Company is subject to taxes based on gross gaming revenues in the jurisdictions in which it operates, subject to applicable jurisdictional adjustments, which taxes are recorded as casino expenses in the accompanying Condensed Consolidated Statements of Operations. These taxes totaled \$610.0 million and \$496.7 million for the three months ended March 31, 2018 and 2017, respectively.

Comprehensive Income (Loss) and Accumulated Other Comprehensive Loss

Comprehensive income (loss) includes net income (loss) and all other non-stockholder changes in equity, or other comprehensive income (loss). Components of the Company's comprehensive income (loss) are reported in the accompanying Condensed Consolidated Statements of Stockholders' Equity and Condensed Consolidated Statements of Comprehensive Income (Loss).

Fair Value Measurements

The Company measures certain of its financial assets and liabilities at fair value on a recurring basis pursuant to accounting standards for fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used to measure fair value. These tiers include:

Level 1 - Observable inputs such as quoted prices in active markets.

Level 2 - Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 - Unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Recently Adopted Accounting Standards

Revenue Recognition Standard

In May 2014, the Financial Accounting Standards Board ("FASB") issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which amends the existing revenue recognition guidance and creates a new topic for Revenue from Contracts with Customers. The guidance provides that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. This guidance also substantially revises required interim and annual disclosures. The Company adopted the guidance on January 1, 2018, which resulted in the following significant impacts on its Condensed Consolidated Financial Statements:

The promotional allowances line item was eliminated from the Condensed Consolidated Statements of Operations with the majority of the amount being netted against casino revenues.

The estimated cost of providing complimentary goods or services will no longer be allocated primarily to casino expenses from other operating departments as the new guidance requires revenues and expenses associated with providing complimentary goods or services to be classified based on the goods or services provided.

The portion of junket commissions previously recorded as a casino expense is now recorded as a reduction of casino revenue.

Mandatory service charges on food and beverage are now recorded on a gross basis with the amount received from the customer recorded as food and beverage revenue and the corresponding amount paid to employees recorded as food and beverage expense.

Certain prior period amounts have been reclassified to reflect the full retrospective adoption of the guidance. There was no impact on the Company's financial condition, operating income or net income.

Financial Instruments

In January 2016, the FASB issued ASU No. 2016-01, Financial Instruments - Overall (Subtopic 824-10): Recognition and Measurement of Financial Assets and Financial Liabilities, which requires equity investments to be measured at fair value with changes in fair value recognized through net income (other than those accounted for under the equity method of accounting or those that result in consolidation of the investee). The update also requires an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. This update eliminates the requirement to disclose the methods and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet for public business entities. The Company adopted this guidance on January 1, 2018, which resulted in a \$9.2 million cumulative unrealized loss, net of tax, being recorded to accumulated other comprehensive loss with a corresponding increase to retained earnings. The adjustment represents the portion of the cumulative change in the Redemption Note fair value resulting from the change in the instrument-specific credit risk previously included in other income (expense) on the Condensed Consolidated Statements of Operations.

Restricted Cash

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows - Restricted Cash (Topic 230), which amends the existing guidance relating to the disclosure of restricted cash and restricted cash equivalents on the statement of cash flows. The ASU requires that amounts generally described as restricted cash or restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The Company adopted this guidance on January 1, 2018 on a retrospective basis and the updated disclosures are reflected for the periods presented in the Condensed Consolidated Statements of Cash Flows. For the three months ended March 31, 2017, the change in restricted cash of \$189.9 million was previously reported within net cash used in financing activities.

Accounting Standards Issued But Not Yet Adopted

Leases

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which amends the existing guidance relating to the definition of a lease, recognition of lease assets and lease liabilities on the balance sheet, and the disclosure of key information about leasing activities. Under the new guidance, lessees will be required to recognize a right-of-use asset and lease liability on the balance sheet, measured on a discounted basis. Operating leases are currently not recognized on the balance sheet. Lessor accounting will remain largely unchanged, other than certain targeted improvements intended to align lessor accounting with the lessee accounting model and with the updated revenue recognition guidance. Lessees and lessors are required to apply a modified retrospective transition approach for leases existing at the beginning of the earliest comparative period presented in the adoption-period financial statements. The modified retrospective approach includes a number of optional practical expedients that entities may elect to apply. The ASU will be effective for the Company on January 1, 2019, with early adoption permitted. The Company is currently assessing the impact the guidance will have on its Consolidated Financial Statements and related disclosures.

Basic earnings per share ("EPS") is computed by dividing net income (loss) attributable to Wynn Resorts, Limited by the weighted average number of common shares outstanding during the period. Diluted EPS is computed by dividing net income (loss) attributable to Wynn Resorts, Limited by the weighted average number of common shares outstanding during the period increased to include the number of additional shares of common stock that would have been outstanding if the potential dilutive securities had been issued. Potentially dilutive securities include outstanding stock options and unvested restricted stock.

The Company assesses for indicators of other-than-temporary impairment on a quarterly basis. The Company determines whether (i) it does not have the intent to sell any of these investments, and (ii) it will not likely be required to sell these investments prior to the recovery of the amortized cost. During the three months ended March 31, 2018, the Company determined it had an other-than-temporary impairment and recorded a loss of \$1.7 million.

The Company obtains pricing information in determining the fair value of its available-for-sale securities from independent pricing vendors. Based on management's inquiries, the pricing vendors use various pricing models consistent with what other market participants would use. The assumptions and inputs used by the pricing vendors are derived from market observable sources including: reported trades, broker/dealer quotes, issuer spreads, benchmark curves, bids, offers and other market-related data. The Company has not made adjustments to such prices. Each quarter, the Company validates the fair value pricing methodology to determine the fair value is consistent with applicable accounting guidance and to confirm that the securities are classified properly in the fair value hierarchy. The Company compares the pricing received from its vendors to independent sources for the same or similar securities.

Land acquisition

During the first quarter of 2018, the Company acquired approximately 38 acres of land on the Las Vegas Strip directly across from Wynn Las Vegas for \$336.2 million, approximately 16 acres of which are subject to a ground lease that expires in 2097. The ground lease has annual payments of \$3.8 million for the next five years until 2023 and total payments of \$370.7 million thereafter. The Company expects to use this land for future development.

In accordance with asset acquisition accounting standards, the Company allocated the purchase price to the identifiable assets acquired based on the relative fair value of each component. As a result, the Company recorded \$89.1 million of the purchase price as a definite-lived intangible asset, which represents the favorable terms of the assumed ground lease relative to the market. The Company will amortize this amount to rent expense on a straight-line basis over the remaining term of the ground lease.

Certain members of the Company's executive management team receive a portion of their annual incentive bonus in shares of the Company's stock. The number of shares is determined based on the closing stock price on the date the annual incentive bonus is settled. As the number of shares is variable, the Company records a liability for the fixed monetary amount over the service period. For the three months ended March 31, 2018 and 2017, the Company recorded \$1.8 million and \$4.9 million, respectively, of stock-based compensation expense associated with these awards. The Company settled the obligation for the 2017 annual incentive bonus by issuing vested shares in December 2017 and January 2018.

Note 10 - Income Taxes

For the three months ended March 31, 2018 and 2017, the Company recorded an income tax benefit of \$111.0 million and an income tax expense of \$2.9 million, respectively. The 2018 income tax benefit primarily related to the settlement of the Redemption Note. The 2017 income tax expense primarily related to an increase in the domestic valuation allowance for U.S. foreign tax credits ("FTCs").

The Company recorded valuation allowances on certain of its U.S. and foreign deferred tax assets. In assessing the need for a valuation allowance, the Company considered whether it is more likely than not that the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income. In the assessment of the valuation allowance, appropriate consideration was given to all positive and negative evidence including recent operating profitability, forecast of future earnings and the duration of statutory carryforward periods.

Wynn Macau SA has received a five-year exemption from complementary tax on profits generated by gaming operations through December 31, 2020. For the three months ended March 31, 2018 and 2017, the Company was exempt from the payment of such taxes totaling \$26.9 million and \$12.7 million, respectively.

Wynn Macau SA also entered into an agreement with the Macau government that provides for an annual payment of 12.8 million Macau patacas (approximately \$1.6 million) as complementary tax otherwise due by stockholders of Wynn Macau SA on dividend distributions through 2020.

In December 2017, the U.S. Tax Cuts and Jobs Act ("U.S. tax reform") was enacted. Also in December 2017, the SEC staff issued Staff Accounting Bulletin No. 118, Income Tax Accounting Implications of the Tax Cuts and Jobs Act, which allowed the Company to record provisional amounts during a measurement period not to extend beyond one year from the enactment date. For the year ended December 31, 2017, the Company recorded a provisional net tax benefit of \$339.9 million. This provisional net tax benefit was based on the Company's initial analysis of the U.S. tax reform. The Company continues to collect additional information and evaluate any regulatory guidance as it is issued and may adjust the provisional net tax benefit over the next nine months. Any subsequent adjustment to this amount will be recorded to the current income tax expense in the period in which the amount is determined.

Separation Agreement

On February 6, 2018, Stephen A. Wynn, former Chairman of the Board of Directors and Chief Executive Officer ("Mr. Wynn") resigned as Chairman of the Board of Directors and Chief Executive Officer of Wynn Resorts and on February 15, 2018, Mr. Wynn entered into a separation agreement with the Company specifying the terms of his termination of service with the Company (the "Separation Agreement"). The Separation Agreement terminated Mr. Wynn's employment agreement with the Company and confirmed that Mr. Wynn is not entitled to any severance payment or other compensation from the Company under his employment agreement.

Under the Separation Agreement, Mr. Wynn agreed not to compete against the Company for a period of two years and to provide reasonable cooperation and assistance to the Company in connection with any private litigation or arbitration and to the Board of Directors of the Company or any committee of the Board of Directors in connection with any investigation by the Company related to his service with the Company. The Separation Agreement provides that (i) Mr. Wynn's lease of his personal residence at Wynn Las Vegas will terminate not later than June 1, 2018 and until such date Mr. Wynn shall continue to pay rent at its fair market value, unless Mr. Wynn elects to terminate the lease before such date, (ii) Mr. Wynn's current healthcare coverage will terminate on December 31, 2018, and (iii) administrative support for Mr. Wynn will terminate on May 31, 2018. Additionally, in order to conduct sales of Company shares in an orderly fashion, the Company agreed to enter into a registration rights agreement with Mr. Wynn, with Mr. Wynn to reimburse the Company for its reasonable expenses. As of April 10, 2018, Mr. Wynn no longer resided at Wynn Las Vegas.

On March 20, 2018, the Company entered into a registration rights agreement with Mr. Wynn, the Wynn Family Limited Partnership, a Delaware limited partnership (together with Mr. Wynn, the "Selling Stockholder") and each holder from time to time a party thereto (the "Registration Rights Agreement"), pursuant to the Separation Agreement. The Selling Stockholder subsequently sold all of its holdings of the Company's common stock through open market transactions pursuant to Rule 144 under the Securities Act of 1933, as amended, and certain privately negotiated transactions. Pursuant to the Registration Rights Agreement, without the Company's prior written consent, the Selling Stockholder was not permitted to sell more than an aggregate of 4,043,903 shares of Common Stock in any quarter. The Company provided written consent permitting the Selling Stockholder to undertake the registered sales.

Amounts Due to Officers

The Company periodically provides services to certain executive officers and directors of the Company, including the personal use of employees, construction work and other personal services, for which the officers and directors reimburse the Company. Certain officers and directors have deposits with the Company to prepay any such items, which are replenished on an ongoing basis as needed. As of March 31, 2018, these net deposit balances with the Company were immaterial.

Note 12 - Retail Joint Venture

In December 2016, the Company sold Crown a 49.9% ownership interest in the Retail Joint Venture for \$217.0 million in cash and a \$75.0 million interest-free note, which was paid in full on January 3, 2018. As of December 31, 2017, the note was recorded at its present value of \$75.0 million in prepaid expenses and other on the Condensed Consolidated Balance Sheet. The Company maintains a 50.1% ownership in the Retail Joint Venture and is the

managing member. The Company's responsibilities with respect to the Retail Joint Venture include day-to-day business operations, property management services and a role in the leasing decisions of the retail space.

The Company assessed its ownership in the Retail Joint Venture based on consolidation accounting guidance with an evaluation being performed to determine if the Retail Joint Venture is a VIE, if the Company has a variable interest in the Retail Joint Venture and if the Company is the primary beneficiary of the Retail Joint Venture. The primary beneficiary is the party who has the power to direct the activities of a VIE that most significantly impact the entity's economic performance and who has an obligation to absorb losses of the entity or a right to receive benefits from the entity that could potentially be significant to the entity.

The Company concluded that the Retail Joint Venture is a VIE and the Company is the primary beneficiary based on its involvement in the leasing activities of the Retail Joint Venture. As a result, the Company consolidates all of the Retail Joint

Venture's assets, liabilities and results of operations. The Company will evaluate its primary beneficiary designation on an ongoing basis and will assess the appropriateness of the Retail Joint Venture's VIE status when changes occur.

As of March 31, 2018 and December 31, 2017, the Retail Joint Venture had total assets of \$69.0 million and \$59.7 million, respectively, and total liabilities of \$2.1 million and \$0.9 million, respectively.

Encore Boston Harbor Development

On April 28, 2017, Wynn MA, LLC ("Wynn MA"), an indirect wholly owned subsidiary of the Company, and Suffolk Construction Company, Inc. (the "Construction Manager"), entered into an agreement concerning the construction of Encore Boston Harbor, which, among other things, confirmed the guaranteed maximum price for the construction work undertaken by the Construction Manager. The Construction Manager is obligated to substantially complete the project by June 24, 2019, for a guaranteed maximum price of \$1.32 billion. Both the contract time and guaranteed maximum price are subject to further adjustment under certain conditions. The performance of the Construction Manager is backed by a payment and performance bond in the amount of \$350.0 million.

Litigation

In addition to the actions noted below, the Company and its affiliates are involved in litigation arising in the normal course of business. In the opinion of management, such litigation is not expected to have a material effect on the Company's financial condition, results of operations and cash flows.

Determination of Unsuitability and Redemption of Aruze and Affiliates

On February 18, 2012, Wynn Resorts' Gaming Compliance Committee received an independent report by Freeh, Sporkin & Sullivan, LLP (the "Freeh Report") detailing a pattern of misconduct by the Okada Parties. The factual record presented in the Freeh Report included evidence that the Okada Parties had provided valuable items to certain foreign gaming officials who were responsible for regulating gaming in a jurisdiction in which entities controlled by Mr. Okada were developing a gaming resort.

Based on the Freeh Report, the Board of Directors of Wynn Resorts determined that the Okada Parties were "unsuitable persons" under Article VII of the Company's articles of incorporation. On that same day, Wynn Resorts redeemed and canceled Aruze's 24,549,222 shares of Wynn Resorts' common stock, and, pursuant to its articles of incorporation, Wynn Resorts issued the Redemption Note to Aruze in redemption of the shares.

Redemption Action and Counterclaim

On February 19, 2012, Wynn Resorts filed a complaint in the Eighth Judicial District Court, Clark County, Nevada against the Okada Parties (as amended, the "Complaint"), alleging breaches of fiduciary duty and related claims (the "Redemption Action") arising from the activities addressed in the Freeh Report. The Company sought compensatory and special damages as well as a declaration that it acted lawfully and in full compliance with its articles of incorporation, bylaws and other governing documents in redeeming and canceling the shares of Aruze.

On March 12, 2012, the Okada Parties filed an answer denying the claims and a counterclaim (as amended, the "Counterclaim") purporting to assert claims against the Company, certain individuals who are or were members of the Company's Board of Directors (other than Mr. Okada) and Wynn Resorts' General Counsel. The Counterclaim alleged, among other things: (1) that the shares of Wynn Resorts common stock owned by Aruze were exempt from the redemption-for-unsuitability provisions in the Wynn Resorts articles of incorporation (the "Articles") pursuant to certain agreements executed in 2002; (2) that the Wynn Resorts directors who authorized the redemption of Aruze's shares acted at the direction of Mr. Wynn and did not independently and objectively evaluate the Okada Parties' suitability, and by so doing, breached their fiduciary duties; (3) that the Wynn Resorts directors violated the terms of the Wynn Resorts Articles by failing to pay Aruze fair value for the redeemed shares; and (4) that the terms of the Redemption Note that Aruze received in exchange for the redeemed shares, including the Redemption Note's principal amount, duration, interest rate, and subordinated status, were unconscionable. Among other relief, the Counterclaim sought a declaration that the redemption of Aruze's shares was void, an injunction

restoring Aruze's share ownership, damages in an unspecified amount and rescission of the Amended and Restated Stockholders Agreement, dated as of January 6, 2010, by and among Aruze, Mr. Wynn, and Elaine P. Wynn (the "Stockholders Agreement").

On March 8, 2018, the Company entered into the Settlement Agreement by and between the Company, Mr. Wynn, Linda Chen, Russell Goldsmith, Ray R. Irani, Robert J. Miller, John A. Moran, Marc D. Schorr, Alvin V. Shoemaker, D. Boone Wayson, Allan Zeman, and Kimmarie Sinatra (collectively, the "Wynn Parties"), and Universal Entertainment Corp. and Aruze (collectively with Universal Entertainment Corp., the "Universal Parties"). The Settlement Agreement resolved legal proceedings pending in the Redemption Action as well as other claims. Pursuant to the Settlement Agreement, the Company paid the principal amount of the \$1.94 billion Redemption Note on March 30, 2018. On March 30, 2018, the Company also paid an additional \$463.6 million with respect to the Universal Parties' claims related to the allegedly below-market interest rate of the Redemption Note and stipulated to the release to Aruze of \$232.4 million in accrued interest held in escrow. The Company recorded the \$463.6 million as a litigation settlement expense on the Condensed Consolidated Statements of Operations during the three months ended March 31, 2018. Under the Settlement Agreement, the Wynn Parties and the Universal Parties mutually agreed to unconditionally release all claims against each other relating to or arising out of the Redemption Action, as well as any claims which relate to or arise out of any other litigation or claims in any other jurisdiction. As a result, the Universal Parties will not claim that Aruze remains a party to the Stockholders Agreement. The Universal Parties further released any claims against the Wynn Parties and their affiliates in any other jurisdiction, including but not limited to the proceeding pending in Macau against Wynn Resorts (Macau) S.A. and certain related individuals ("Macau Litigation"). As a result of the Settlement Agreement, the parties to the agreement dismissed all litigation between the Universal Parties and the Company and its then-directors and executives with respect to the redemption, including the Redemption Action and the Macau Litigation, but the Settlement Agreement did not release claims against any parties to such litigation who are not parties to the Settlement Agreement, including but not limited to Kazuo Okada and Elaine P. Wynn.

On March 12, 2018, the Company voluntarily dismissed its claim for breach of fiduciary duty against Kazuo Okada, which was the last and only remaining claim between Wynn Resorts, Kazuo Okada, and the Universal Parties in the Redemption Action.

On June 19, 2012, Elaine P. Wynn asserted a cross claim against Mr. Wynn and Aruze seeking a declaration that (1) any and all of Elaine P. Wynn's duties under the Stockholders Agreement should be discharged; (2) the Stockholders Agreement was subject to rescission and is rescinded; (3) the Stockholders Agreement was an unreasonable restraint on alienation in violation of public policy; and/or (4) the restrictions on sale of shares should be construed as inapplicable to Elaine P. Wynn. On March 28, 2016, Elaine P. Wynn filed an amended cross claim against Mr. Wynn, as well as Wynn Resorts and Wynn Resorts' General Counsel (together with Mr. Wynn, the "Wynn Cross Defendants") as cross defendants. The amended cross claim substantially repeated its earlier allegations and further alleged that Mr. Wynn engaged in acts of misconduct that, with the Wynn Cross Defendants, resulted in Mr. Wynn allegedly breaching the Stockholders Agreement and violating alleged duties under the Stockholders Agreement by preventing Elaine P. Wynn from being nominated and elected to serve as one of Wynn Resorts' directors. In addition to continuing to seek the declarations asserted under the original cross claim, the amended cross claim sought an order compelling Mr. Wynn to comply with the Stockholders Agreement by assuring the nomination and election of Elaine P. Wynn to the Board of Directors and sought unspecified monetary damages from Mr. Wynn and the Wynn Cross Defendants. Elaine P. Wynn's amended cross claim was later dismissed as to Wynn Resorts and Wynn Resorts' General Counsel. On May 17, 2017, Elaine P. Wynn filed another amended cross claim against the Wynn Cross Defendants, which substantially repeated its earlier allegations and again named Wynn Resorts and Wynn Resorts' General Counsel as cross defendants.

On March 14, 2018, Mr. Wynn and Elaine P. Wynn entered into a stipulation declaring the Stockholders Agreement invalid and unenforceable, and on April 16, 2018, the Company entered into a Settlement Agreement and Mutual Release by and between the Company, Mr. Wynn, Elaine P. Wynn, and the Company's General Counsel, which, among other things, resolved and unconditionally released the parties from all claims and cross claims asserted among the parties in a legal proceeding involving the Stockholders Agreement. Neither the Company nor the Company's General Counsel made any payment under the terms of such settlement agreement.

Litigation Commenced by Kazuo Okada

Indemnification Action:

On March 20, 2013, Mr. Okada filed a complaint against the Company in Nevada state court for indemnification under the Company's Articles, bylaws and agreements with its directors. The complaint sought advancement of Mr. Okada's costs and

expenses (including attorney's fees) incurred pursuant to the various legal proceedings and related regulatory investigations described above. The Company's answer and counterclaim was filed on April 15, 2013. The counterclaim named each of the Okada Parties as defendants and sought indemnification under the Company's Articles for costs and expenses (including attorney's fees) incurred pursuant to the various legal proceedings and related regulatory investigations described above. On February 4, 2014, the court entered an order on the parties' stipulation that: (1) dismissed all claims Mr. Okada asserted against the Company; (2) reserved Mr. Okada's right to assert, in the future, any claims for indemnity following the resolution of the Redemption Action; and (3) stayed the claims asserted by the Company against Mr. Okada pending the resolution of the Redemption Action. On April 6, 2018, the court entered an order closing this action.

Macau Litigation:

On July 3, 2015, WML announced that the Okada Parties filed a complaint in the Court of First Instance of Macau ("Macau Court") against Wynn Macau SA and certain individuals who are or were directors of Wynn Macau SA and or WML (collectively, the "Wynn Macau Parties"). The principal allegations in the lawsuit are that the redemption of the Okada Parties' shares in Wynn Resorts was improper and undervalued, that the previously disclosed payment by Wynn Macau SA to an unrelated third party in consideration of relinquishment by that party of certain rights in and to any future development on the land in Cotai where Wynn Palace is located was unlawful and that the previously disclosed donation by Wynn Resorts to the University of Macau Development Foundation was unlawful. The plaintiffs seek dissolution of Wynn Macau SA and compensatory damages. On July 11, 2017, the Macau Court dismissed all claims by the Okada Parties as unfounded, fined the Okada Parties as vexatious litigants, and ordered the Okada Parties to pay for court costs and the Wynn Macau Parties' attorney's fees. On or about October 16, 2017, the Okada Parties filed formal appeal papers in Macau, which Wynn Macau SA received on November 21, 2017. Wynn Macau SA filed its response on December 21, 2017. In March 2018, pursuant to the Settlement Agreement, the Universal Parties voluntarily withdrew from the Macau Litigation, leaving Mr. Okada as the sole claimant.

The Company believes this action is without merit and will vigorously defend itself against the claims pleaded against it by Mr. Okada. Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this action or the range of reasonably possible loss, if any.

Derivative Litigation Related to Redemption Action

Two state derivative actions were commenced against the Company and all members of its Board of Directors in the Eighth Judicial District Court of Clark County, Nevada. These state court actions brought by the following plaintiffs have been consolidated: (1) IBEW Local 98 Pension Fund and (2) Danny Hinson (collectively, the "Derivative Plaintiffs"). The Derivative Plaintiffs filed a consolidated complaint on July 20, 2012 asserting claims for (1) breach of fiduciary duty; (2) abuse of control; (3) gross mismanagement; and (4) unjust enrichment. The claims are against the Company and all Company directors during the applicable period, including Mr. Okada, as well as the Company's Chief Financial Officer who signed financial disclosures filed with the SEC during the applicable periods. The Derivative Plaintiffs claim that the individual defendants failed to disclose to the Company's stockholders the investigation into, and the dispute with director Okada as well as the alleged potential violations of the FCPA related to, the University of Macau Development Foundation donation. The Derivative Plaintiffs seek unspecified monetary damages (compensatory and punitive), disgorgement, reformation of corporate governance procedures, an order directing the Company to internally investigate the donation, as well as attorney's fees and costs. On June 18, 2014, the court entered a stipulation between the parties that provides for a stay of the action and directs the parties, within 45 days of the conclusion of the Redemption Action, to discuss how the derivative action should proceed and to file a

joint report with the court. In May 2018, the parties (except Elaine P. Wynn) filed a joint report given the conclusion of the Redemption Action, and the court scheduled a status check for May 14, 2018.

Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of these actions or the range of reasonably possible loss, if any.

Massachusetts Gaming License Related Action

On September 17, 2014, the Massachusetts Gaming Commission ("MGC") designated Wynn MA the award winner of the Greater Boston (Region A) gaming license. On November 7, 2014, the gaming license became effective.

On October 16, 2014, the City of Revere, the host community to the unsuccessful bidder for the same license, and the International Brotherhood of Electrical Workers, Local 103 ("IBEW") filed a complaint against the MGC and each of the five

(Unaudited)

gaming commissioners in Suffolk Superior Court in Boston, Massachusetts (the "Revere Action"). The complaint challenges the MGC's decision and alleges that the MGC failed to follow statutory requirements outlined in the Gaming Act. The complaint (1) seeks to appeal the administrative decision, (2) asserts that certiorari provides a remedy to correct errors in proceedings by an agency such as the MGC, (3) challenges the constitutionality of that section of the gaming law which bars judicial review of the MGC's decision to deny an applicant a gaming license, and (4) alleges violations of the open meeting law requirements. The court allowed Mohegan Sun ("Mohegan"), the other applicant for the Greater Boston (Region A) gaming license, to intervene in the Revere Action, and on February 23, 2015, Mohegan filed its complaint. The Mohegan complaint challenges the license award to Wynn MA, seeks judicial review of the MGC's decision, and seeks to vacate the MGC's license award to Wynn MA.

On July 1, 2015, the MGC filed motions to dismiss Mohegan's and the City of Revere's complaints. On December 3, 2015, the court granted the motion to dismiss the claims asserted in the Revere Action. Also on December 3, 2015, the court granted the motion to dismiss three of the four counts asserted by Mohegan but denied the motion as to Mohegan's certiorari claim. The City of Revere and IBEW sought immediate appellate review of the dismissal of their claims and the MGC requested immediate appellate review of the court's denial of the MGC's motion to dismiss Mohegan's certiorari claim. All three petitions for interlocutory review were denied. The parties then appealed to the Massachusetts Supreme Judicial Court ("SJC"). On March 10, 2017, the SJC affirmed the trial court's dismissal of the City of Revere's claims and IBEW's claims. The SJC affirmed the court's dismissal of Mohegan's claims except for the certiorari claim, which the SJC remanded to the Suffolk Superior Court. Mohegan filed a motion for judgment on the pleadings on November 3, 2017, and oral argument is being re-scheduled from its originally scheduled date of April 5, 2018.

The SJC reversed the trial court's dismissal of the individual plaintiffs' open meeting law claim and remanded that claim to the Suffolk Superior Court. The parties are currently in the discovery phase.

Wynn MA was not named in the above complaint. The MGC retained private legal representation at its own nontaxpayer-funded expense.

Actions Related to Mr. Wynn

Investigations:

On January 26, 2018, the Company's Board of Directors formed a Special Committee comprised solely of independent directors to investigate allegations of inappropriate personal conduct by Mr. Wynn in the workplace. On February 12, 2018, the Special Committee announced that its review was expanded to include a comprehensive review of the Company's internal policies and procedures with the goal of employing best practices to maintain a safe and respectful workplace for all employees. Gaming regulators in Massachusetts and Nevada are reviewing these matters, including suitability with respect to the Company and its related licensees, and the Company is cooperating with these regulatory reviews. The gaming regulator in Macau is monitoring and reviewing the situation, and the Company is cooperating.

Stockholder Actions:

A number of stockholder derivative actions have been filed purportedly on behalf of the Company in state and federal court located in Clark County, Nevada against certain current and former members of the Company's Board of Directors and, in some cases, the Company's management. Each of the complaints alleges, among other things, breach

of fiduciary duties in failing to detect, prevent and remedy alleged inappropriate personal conduct by Mr. Wynn in the workplace. Specifically, (i) on February 6, 2018, Norfolk County Retirement System filed a stockholder derivative action against certain current and former members of the Company's Board of Directors and the Company's General Counsel, which was voluntarily dismissed on February 21, 2018; (ii) on February 15, 2018, Operating Engineers Construction Industry and Miscellaneous Pension Fund filed a stockholder derivative action against certain current and former members of the Company's Board of Directors; (iii) on February 15, 2018, Boynton Beach Municipal Firefighters' Pension Trust Fund and the Firemen's Retirement System of St. Louis filed a stockholder derivative action against certain current and former members of the Company's Board of Directors and the Company's General Counsel; (iv) on February 22, 2018, Thomas P. DiNapoli, Comptroller of the State of New York, as Administrative Head of the New York State and Local Retirement System and trustee of the New York State Common Retirement Fund, filed a stockholder derivative action against certain current and former members of the Company's Board of Directors and the Company's General Counsel; (v) on February 22, 2018, Erste-Sparinvest Kapitalanlagegesellschaft M.B.H. filed a stockholder derivative action against certain current and former members of the Company's Board of Directors and the Company's General Counsel; (vi) on March 6, 2018, the State of Oregon filed a stockholder derivative action against certain

current and former members of the Company's Board of Directors and the Company's General Counsel; (vii) on March 15, 2018, Insulators and Asbestos Workers Local No. 14 Pension and Health and Welfare Funds filed a stockholder derivative action against certain current and former members of the Company's Board of Directors and the Company's Chief Executive Officer and General Counsel; and (viii) on April 18, 2018, C. Jeffrey Rogers filed a stockholder derivative action against certain current and former members of the Company's Board of Directors and the Company's Chief Executive Officer and General Counsel. The actions filed in Clark County, Nevada are in the process of being consolidated. The actions filed in the United States District Court, District of Nevada have been consolidated as *In re Wynn Resorts, Ltd. Derivative Litigation*, which also claim corporate waste and violation of Section 14(a) of the Exchange Act. Each of the actions seeks to recover for the Company unspecified damages, including restitution and disgorgement of profits, and also seeks to recover attorneys' fees, costs and related expenses for the plaintiff. Additional demands have been made to the Company that it commence similar actions and additional lawsuits may be filed in the future.

On February 20, 2018, a securities class action was filed against the Company and certain current and former officers of the Company in the United States District Court, Southern District of New York (which was subsequently transferred to the United States District Court, District of Nevada) by John V. Ferris and Joann M. Ferris on behalf of all persons who purchased the Company's common stock between February 28, 2014 and January 25, 2018. The complaint alleges, among other things, certain violations of federal securities laws and seeks to recover unspecified damages as well as attorneys' fees, costs and related expenses for the plaintiffs.

The defendants in these actions will vigorously defend against the claims pleaded against them. These actions are in preliminary stages and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of these actions or the range of reasonably possible loss, if any.

Note 14 - Segment Information

The Company reviews the results of operations for each of its operating segments. Wynn Macau and Encore, an expansion at Wynn Macau, are managed as a single integrated resort and have been aggregated as one reportable segment ("Wynn Macau"). Wynn Palace is presented as a separate reportable segment and is combined with Wynn Macau for geographical presentation. Wynn Las Vegas and Encore, an expansion at Wynn Las Vegas, are managed as a single integrated resort and have been aggregated as one reportable segment ("Las Vegas Operations"). The Company identifies each resort as a reportable segment considering operations within each resort have similar economic characteristics, type of customers, types of services and products, the regulatory environment of the operations and the Company's organizational and management reporting structure.

The Company also reviews construction and development activities for each of its projects under development, in addition to its reportable segments. The Company separately identifies assets for its Encore Boston Harbor development project. Other Macau primarily represents the Company's Macau holding company.

(1) "Adjusted Property EBITDA" is net income (loss) before interest, income taxes, depreciation and amortization, litigation settlement expense, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, gain on extinguishment of debt, change in interest rate swap fair value, change in Redemption Note

fair value and other non-operating income and expenses, and includes equity in income from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. We also present Adjusted Property EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital

requirements. Gaming companies have historically reported EBITDA as a supplement to GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation, that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income (loss) as an indicator of our performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. We have significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, our calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our condensed consolidated financial statements and related notes included elsewhere in this Form 10-Q and our consolidated financial statements appearing in our annual report on Form 10-K for the year ended December 31, 2017. Unless the context otherwise requires, all references herein to the "Company," "we," "us," or "our," or similar terms, refer to Wynn Resorts, Limited, a Nevada corporation, and its consolidated subsidiaries. This discussion and analysis contains forward-looking statements. Please refer to the section below entitled "Special Note Regarding Forward-Looking Statements."

Overview

We are a developer, owner and operator of destination casino resorts (integrated resorts). In the Macau Special Administrative Region of the People's Republic of China ("Macau"), we own approximately 72% of Wynn Macau, Limited ("WML"), which includes the operations of the Wynn Macau and Wynn Palace resorts, which we refer to as our Macau Operations. In Las Vegas, Nevada, we operate and, with the exception of certain retail space, own 100% of Wynn Las Vegas, which we also refer to as our Las Vegas Operations. We are currently constructing Encore Boston Harbor, an integrated casino resort in Everett, Massachusetts.

Macau Operations

We operate our Macau Operations under a 20-year casino concession agreement granted by the Macau government in June 2002. We lease from the Macau government approximately 16 acres of land in downtown Macau's inner harbor where Wynn Macau is located and 51 acres of land in the Cotai area of Macau where Wynn Palace is located.

Wynn Macau features the following as of April 15, 2018:

- Approximately 273,000 square feet of casino space, offering 24-hour gaming and a full range of games with 312 table games and 954 slot machines, private gaming salons, sky casinos and a poker pit;
- Two luxury hotel towers with a total of 1,008 guest rooms and suites;
- Eight food and beverage outlets;
- Approximately 59,000 square feet of high-end, brand-name retail space;
- Approximately 31,000 square feet of meeting and convention space;
- Recreation and leisure facilities, including two health clubs, spas, a salon and a pool; and
- A rotunda show featuring a Chinese zodiac-inspired ceiling along with gold "prosperity tree" and "dragon of fortune" attractions.

Wynn Palace features the following as of April 15, 2018:

- Approximately 424,000 square feet of casino space, offering 24-hour gaming and a full range of games with 323 table games and 1,020 slot machines, private gaming salons and sky casinos;
- A luxury hotel with a total of 1,706 guest rooms, suites and villas;
- 11 food and beverage outlets;
- Approximately 106,000 square feet of high-end, brand-name retail space;
- Approximately 37,000 square feet of meeting and convention space;
- Recreation and leisure facilities, including a gondola ride, health club, spa, salon and pool; and
- Public attractions including a performance lake, floral art displays and fine art displays.

In response to our evaluation of our Macau Operations and our commitment to creating a unique customer experience, we have made and expect to continue to make enhancements and refinements to these resorts.

Las Vegas Operations

Wynn Las Vegas is located at the intersection of the Las Vegas Strip and Sands Avenue, and occupies approximately 215 acres of land fronting the Las Vegas Strip. In addition, we own approximately 18 acres across Sands Avenue, a portion of which is improved with an employee parking garage, and approximately five acres adjacent to the golf course land upon which an office building is located.

Wynn Las Vegas features the following as of April 15, 2018:

- Approximately 192,000 square feet of casino space, offering 24-hour gaming and a full range of games with 238 table games and 1,829 slot machines, private gaming salons, a sky casino, a poker room, and a race and sports book;
- Two luxury hotel towers with a total of 4,748 guest rooms, suites and villas;
- 33 food and beverage outlets;
- Approximately 106,000 square feet of high-end, brand-name retail space (the majority of which is owned and operated under a joint venture of which we own 50.1%);
- Approximately 290,000 square feet of meeting and convention space;
- Three nightclubs and a beach club;
- Recreation and leisure facilities, including swimming pools, private cabanas, two full service spas and salons, and a wedding chapel; and
- A specially designed theater presenting "Le Rêve—The Dream," a water-based theatrical production and a theater presenting entertainment productions and various headliner entertainment acts.

In December 2016, we entered into a joint venture arrangement (the "Retail Joint Venture") with Crown Acquisitions Inc. ("Crown") to own and operate approximately 88,000 square feet of existing retail space. In November 2017, we contributed approximately 74,000 square feet of additional retail space to the Retail Joint Venture, the majority of which is currently under construction at Wynn Las Vegas. We expect to open the additional retail space in the second half of 2018.

In response to our evaluation of our Las Vegas Operations and our commitment to creating a unique customer experience, we have made and expect to continue to make enhancements and refinements to this resort.

Construction and Development Opportunities

We are currently constructing Encore Boston Harbor, an integrated resort in Everett, Massachusetts, adjacent to Boston along the Mystic River. The resort will contain a hotel, a waterfront boardwalk, meeting and convention space, casino space, a spa, retail offerings and food and beverage outlets. The total project budget, including gaming license fees, construction costs, capitalized interest, pre-opening expenses and land costs, is estimated to be approximately \$2.5 billion. As of March 31, 2018, we have incurred approximately \$1.38 billion in total project costs. We expect to open Encore Boston Harbor in mid-2019.

We have begun site preparation and pre-construction activities for the redevelopment of a portion of the land previously occupied by the Wynn Las Vegas golf course, which we closed in the fourth quarter of 2017. Phase 1 of the project is expected to include a lagoon and additional meeting and convention space. Based on current designs, we estimate the total project budget for Phase 1 to be approximately \$500 million and we expect to open Phase 1 in the first quarter of 2020.

We continually seek out new opportunities for additional gaming or related businesses, in the United States, and worldwide.

Key Operating Measures

Certain key operating measures specific to the gaming industry are included in our discussion of our operational performance for the periods for which a Condensed Consolidated Statement of Operations is presented. Below are definitions of these key operating measures discussed:

• Table drop for our Macau Operations is the amount of cash that is deposited in a gaming table's drop box plus cash chips purchased at the casino cage.

Table of Contents

Table drop for our Las Vegas Operations is the amount of cash and net markers issued that are deposited in a gaming table's drop box.

Rolling chips are non-negotiable identifiable chips that are used to track turnover for purposes of calculating incentives.

Turnover is the sum of all losing rolling chip wagers within our Macau Operations' VIP program.

Table games win is the amount of table drop or turnover that is retained and recorded as casino revenues. Table games win is before discounts, commissions and the allocation of casino revenues to rooms, food and beverage and other revenues for services provided to casino customers on a complimentary basis.

Slot machine win is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenues. Slot machine win is after adjustment for progressive accruals and free play, but before discounts and the allocation of casino revenues to rooms, food and beverage and other revenues for services provided to casino customers on a complimentary basis.

Average daily rate ("ADR") is calculated by dividing total room revenues, including complimentary (less service charges, if any), by total rooms occupied.

Revenue per available room ("REVPAR") is calculated by dividing total room revenues, including complimentary (less service charges, if any), by total rooms available.

Occupancy is calculated by dividing total occupied rooms, including complimentary rooms, by the total rooms available.

Below is a discussion of the methodologies used to calculate win percentages at our resorts.

In our VIP operations in Macau, customers primarily purchase rolling chips from the casino cage and can only use them to make wagers. Winning wagers are paid in cash chips. The loss of the rolling chips in the VIP operations is recorded as turnover and provides a base for calculating VIP win percentage. It is customary in Macau to measure VIP play using this rolling chip method. We expect our win as a percentage of turnover from these operations to be within the range of 2.7% to 3.0%. In our mass market operations in Macau, customers may purchase cash chips at either the gaming tables or at the casino cage.

The measurements from our VIP and mass market operations are not comparable as the measurement method used in our mass market operations tracks the initial purchase of chips at the table and at the casino cage, while the measurement method from our VIP operations tracks the sum of all losing wagers. Accordingly, the base measurement from the VIP operations is much larger than the base measurement from the mass market operations. As a result, the expected win percentage with the same amount of gaming win is smaller in the VIP operations when compared to the mass market operations.

In Las Vegas, customers purchase chips at the gaming tables. The cash and net markers used to purchase chips are deposited in the gaming table's drop box. This is the base of measurement that we use for calculating win percentage in Las Vegas. Each type of table game has its own theoretical win percentage. Our expected table games win percentage in Las Vegas is 22% to 26%.

Results of Operations

Summary of first quarter 2018 results

The results reflect the Company's adoption of the new accounting guidance for revenue recognition ("ASC 606"), effective January 1, 2018. Certain prior period amounts have been reclassified to reflect the full retrospective adoption of ASC 606, with no impact on operating income, net income or Adjusted Property EBITDA.

During the three months ended March 31, 2018, our net loss attributable to Wynn Resorts, Limited was \$204.3 million, or \$1.99 per diluted share, compared to net income attributable to Wynn Resorts, Limited of \$100.8 million, or \$0.99 per diluted share, for the same period of 2017. The change was primarily due to the \$463.6 million litigation settlement expense and a \$69.3 million increase in the Redemption Note fair value to its principal amount, partially offset by increases in our benefit for income taxes and operating income from Wynn Palace.

Adjusted Property EBITDA was \$564.3 million for the three months ended March 31, 2018, an increase of 32.0%, or \$136.8 million, from \$427.5 million for the same period of 2017. Litigation settlement expense of \$463.6 million was incurred during the three months ended March 31, 2018 in connection with the repayment of the Redemption Note for claims related to the allegedly below-market interest rate of the Redemption Note. For more information, See Item 1 — "Notes to Condensed Consolidated Financial Statements," Note 13, "Commitments and Contingencies."

Provision for doubtful accounts was \$0.7 million for the three months ended March 31, 2018, compared to a benefit of \$4.2 million for the same period of 2017. The change was primarily due to the impact of historical collection patterns and current collection trends, as well as the specific review of customer accounts, on our estimated allowance for the respective periods.

Pre-opening expenses were \$10.3 million for the three months ended March 31, 2018, compared to \$5.8 million for the same period of 2017. During the three months ended March 31, 2018, we incurred pre-opening expenses of \$9.5 million related to Encore Boston Harbor and \$0.8 million related to the redevelopment of a portion of the land previously occupied by the Wynn Las Vegas golf course. During the three months ended March 31, 2017, we incurred pre-opening expenses of \$5.5 million related to Encore Boston Harbor and \$0.2 million at our Las Vegas Operations.

Depreciation and amortization decreased 2.5%, or \$3.5 million, to \$136.4 million for the three months ended March 31, 2018, from \$139.8 million for the same period of 2017. The decrease was the result of certain Wynn Macau and Las Vegas Operations' assets becoming fully depreciated.

Interest expense, net of amounts capitalized

The following table summarizes information related to interest expense (dollars in thousands):

	Three Months Ended March 31,		Percent Change
	2018	2017	
Interest expense			
Interest cost, including amortization of deferred financing costs and original issue discount and premium	\$ 107,071	\$ 100,720	6.3
Capitalized interest	(8,844)	(2,457)	260.0
	\$ 98,227	\$ 98,263	—
Weighted average total debt balance	\$ 9,674,007	\$ 10,200,295	
Weighted average interest rate	4.42	% 3.95	%

Interest cost increased \$6.4 million for the three months ended March 31, 2018, compared to the same period of 2017, primarily due to an increase in our weighted average interest rate. Capitalized interest increased \$6.4 million for the three months ended March 31, 2018, compared to the same period of 2017, primarily due to Encore Boston Harbor construction activities.

Other non-operating income and expenses

We incurred losses of \$69.3 million and \$15.8 million for the three months ended March 31, 2018 and 2017, respectively, from the change in fair value of the Redemption Note. The change in fair value is a result of changes in certain variables used to calculate the estimated fair value. During the quarter, we repaid the \$1.94 billion principal amount of the Redemption Note. For further information on the fair value of the Redemption Note, see Item 1—"Notes to Condensed Consolidated Financial Statements," Note 2, "Summary of Significant Accounting Policies."

Interest income was \$7.2 million for the three months ended March 31, 2018, compared to \$6.5 million for the three months ended March 31, 2017. During 2018 and 2017, our short-term investment strategy has been to preserve capital while retaining sufficient liquidity. The majority of our short-term investment amounts were in time deposits, fixed deposits and money market accounts with a maturity of three months or less.

We incurred a \$2.3 million net gain on extinguishment of debt related to the repayment of the Redemption Note, Wynn Resorts' purchase of \$40.0 million of Wynn Las Vegas' 5 1/2% Senior Notes due 2025 and 5 1/4% Senior Notes due 2027 and the execution of the supplemental indenture related to Wynn Las Vegas' 4 1/4% Senior Notes due 2023.

We incurred a loss of \$9.2 million and \$6.1 million for the three months ended March 31, 2018 and 2017, respectively, from foreign currency remeasurements. The losses were primarily due to the impact of the exchange rate fluctuation of the Macau pataca, in relation to the U.S. dollar, on the remeasurements of U.S. dollar denominated debt and other obligations from our Macau-related entities.

Income taxes

We recorded an income tax benefit of \$111.0 million for the three months ended March 31, 2018, compared to an income tax expense of \$2.9 million for the same period of 2017. The 2018 income tax benefit primarily related to the settlement of the Redemption Note. The 2017 income tax expense primarily related to an increase in the domestic valuation allowance for U.S. foreign tax credits.

Net income attributable to noncontrolling interests

Net income attributable to noncontrolling interests was \$66.8 million for the three months ended March 31, 2018, compared to \$31.7 million for the same period of 2017. These amounts were primarily related to the noncontrolling interests' share of net income from WML.

Adjusted Property EBITDA

We use Adjusted Property EBITDA to manage the operating results of our segments. Adjusted Property EBITDA is net income (loss) before interest, income taxes, depreciation and amortization, litigation settlement expense, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, gain on extinguishment of debt, change in interest rate swap fair value, change in Redemption Note fair value and other non-operating income and expenses, and includes equity in income from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because we believe that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. We use Adjusted Property EBITDA as a measure of the operating performance of our segments and to compare the operating performance of our properties with those of our competitors, as well as a basis for determining certain incentive compensation. We also present Adjusted Property EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with U.S. generally accepted accounting principles ("GAAP"). In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income (loss) as an indicator of our performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. We have significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, our calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The following table summarizes Adjusted Property EBITDA (in thousands) for our Macau and Las Vegas Operations as reviewed by management and summarized in Item 1—"Notes to Condensed Consolidated Financial Statements," Note 14, "Segment Information." That footnote also presents a reconciliation of Adjusted Property EBITDA to net income (loss) attributable to Wynn Resorts, Limited.

	Three Months Ended March 31,	
	2018	2017
Wynn Macau	\$209,822	\$181,106
Wynn Palace	\$211,911	\$111,856
Las Vegas Operations	\$142,596	\$134,577

Adjusted Property EBITDA at Wynn Macau increased 15.9% for the three months ended March 31, 2018, compared to the same period of 2017, primarily due to improved mass market operations driven by an increase of 16.4% in table drop.

Adjusted Property EBITDA at Wynn Palace increased 89.4% for the three months ended March 31, 2018, compared to the same period of 2017, primarily due to increases of 58.1% and 39.3% in table drop and VIP turnover, respectively. The mass market operations at Wynn Palace also benefited from a 3.7 percentage point increase in mass market table games win percentage from 21.8% to 25.5%.

Adjusted Property EBITDA at our Las Vegas Operations increased 6.0% for the three months ended March 31, 2018, compared to the same period of 2017, primarily due to improved casino operations driven by a 17.0% increase in table drop.

Operating Activities

Our operating cash flows primarily consist of the operating income generated by our Macau and Las Vegas Operations (excluding depreciation and amortization and other non-cash charges), interest paid and earned, and changes in working capital accounts such as receivables, inventories, prepaid expenses and payables. Our table games play both in Macau and Las Vegas is a mix of cash play and credit play, while our slot machine play is conducted primarily on a cash basis. A significant portion of our table games revenue is attributable to the play of a limited number of premium international customers who gamble on credit. The ability to collect these gaming receivables may impact our operating cash flow for the period. Our rooms, food and beverage, and entertainment, retail, and other revenue is conducted primarily on a cash and credit basis. Accordingly, operating cash flows will be impacted by changes in operating income and accounts receivable.

Net cash used in operations for the three months ended March 31, 2018 was \$53.6 million, compared to net cash provided by operations of \$414.6 million for the same period of 2017. The change was primarily due to the \$463.6 million litigation settlement expense.

Investing Activities

Net cash used in investing activities for the three months ended March 31, 2018 was \$408.1 million, compared to \$122.5 million for the same period of 2017 and was primarily attributable to capital expenditures, net of construction payables and retention. Capital expenditures, net of construction payables and retention, were \$514.1 million for the three months ended March 31, 2018, and primarily consisted of \$246.8 million for the acquisition of land on the Las Vegas Strip directly across from Wynn Las Vegas and \$205.3 million for Encore Boston Harbor. Capital expenditures, net of construction payables and retention, of \$145.6 million, for the three months ended March 31, 2017, were primarily for Encore Boston Harbor.

Financing Activities

Net cash used in financing activities for the three months ended March 31, 2018 was \$307.2 million, compared to \$391.0 million for the same the period of 2017. During the three months ended March 31, 2018, we borrowed \$800 million under the Bridge Facility and \$250 million under the WA Senior Revolving Credit Facility which were used, along with cash on hand, to repay the Redemption Note principal amount of \$1.94 billion. In addition, we borrowed \$623.4 million under the Macau Senior Revolving Credit Facility and effectively extinguished \$40.0 million of the 2025 Notes and 2027 Notes when Wynn Resorts purchased the notes. During the three months ended March 31, 2017, we used cash of \$331.2 million for the repayment of borrowings under our Wynn Macau Credit Facilities (defined below) and WML Finance Credit Facility (defined below) and \$51.3 million for the payment of dividends.

Capital Resources

As of March 31, 2018, we had \$2.03 billion of cash and cash equivalents and \$129.7 million of available-for-sale investments in domestic and foreign debt securities. Cash and cash equivalents include cash on hand, cash in bank and fixed deposits, investments in money market funds, domestic and foreign bank time deposits, all with original maturities of less than 90 days. Of these amounts, WML and its subsidiaries (of which we own approximately 72%) held \$1.58 billion in cash and cash equivalents. If our portion of this cash was repatriated to the U.S. on March 31, 2018, it would be subject to minimal U.S. taxes in the year of repatriation. Wynn America, LLC and Wynn Las Vegas, LLC held cash balances of \$17.1 million and \$150.9 million, respectively. Wynn Resorts, Limited (including its subsidiaries other than WML, Wynn America, LLC and Wynn Las Vegas, LLC), which is not a guarantor of the debt of its subsidiaries, held \$278.8 million of cash and cash equivalents and \$129.7 million of available-for-sale investments.

The following table summarizes our outstanding borrowings and available borrowing capacity under our credit facilities as of March 31, 2018 (in thousands):

Total credit facilities	\$5,710,453	\$4,968,473	\$ 17,689	\$ 724,291

Our Macau related credit facilities include a \$2.30 billion equivalent fully funded senior secured term loan facility (the "Wynn Macau Senior Term Loan Facility") and a \$750 million equivalent senior secured revolving credit facility (the "Wynn Macau Senior Revolving Credit Facility," and together with the Wynn Macau Senior Term (1) Loan Facility, the "Wynn Macau Credit Facilities"). The borrower is Wynn Macau SA, an indirect wholly owned subsidiary of WML, and borrowings consist of both United States dollar and Hong Kong dollar tranches. Wynn Macau SA has the ability to upsize the Wynn Macau Credit Facilities by an additional \$1 billion in equivalent senior secured loans upon its satisfaction of various conditions.

Our Macau related credit facilities include a HK\$3.87 billion (approximately \$493.3 million) cash-collateralized (2) revolving credit facility ("WML Finance Credit Facility") under which WML Finance I, Limited, an indirect wholly owned subsidiary of WML, is the borrower.

On March 28, 2018, the Company entered into a credit agreement to provide for a 364-day term loan facility and borrowed the full amount available of \$800 million (the "Bridge Facility"). The Bridge Facility bears interest at (3) either LIBOR plus 2.75% per annum or base rate plus 1.75% per annum. On April 3, 2018, the Company used net proceeds from newly issued shares of its common stock to repay all amounts borrowed under the Bridge Facility, together with all interest accrued thereon, and the credit agreement terminated pursuant to its terms.

Our Wynn America credit facilities consist of an \$875 million fully funded senior secured term loan facility (the "WA Senior Term Loan Facility I"), a \$125 million fully funded senior term loan facility (the "WA Senior Term (4)Loan Facility II") and a \$375 million senior secured revolving credit facility (the "WA Senior Revolving Credit Facility," and collectively, the "Wynn America Credit Facilities"), under which Wynn America, LLC, an indirect wholly owned subsidiary of the Company, is the borrower.

We expect that our future cash needs will relate primarily to operations, funding of development projects and enhancements to our operating resorts, debt service and retirement and general corporate purposes. We expect to meet our cash needs including our contractual obligations with future anticipated cash flow from operations, availability under our bank credit facilities and our existing cash balances. We intend to primarily fund our current development project, Encore Boston Harbor, with the available borrowing capacity under our Wynn America Credit Facilities, cash flows from operations and existing cash balances.

Other Factors Affecting Liquidity

Wynn Resorts, Limited is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. Wynn America, LLC and Wynn Macau SA debt instruments contain customary negative covenants and financial covenants, including, but not limited to, covenants that restrict our ability to pay dividends or distributions to any direct or indirect subsidiaries.

Wynn Las Vegas, LLC intends to fund its operations and capital requirements from cash on hand and operating cash flows. We cannot assure you however, that our Las Vegas Operations will generate sufficient cash flows from operations or the availability of additional indebtedness will be sufficient to enable us to service and repay Wynn Las Vegas, LLC's indebtedness and to fund its other liquidity needs. Similarly, we expect that our Macau Operations will fund Wynn Macau SA and WML's debt service obligations with existing cash, operating cash flows and availability under the Wynn Macau Credit Facilities. However, we cannot assure you that operating cash flows will be sufficient to do so. We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

Legal proceedings in which we are involved also may impact our liquidity. No assurance can be provided as to the outcome of such proceedings. In addition, litigation inherently involves significant costs. For information regarding legal proceedings, see Item 1—"Notes to Condensed Consolidated Financial Statements," Note 13, "Commitments and Contingencies."

Our Board of Directors has authorized an equity repurchase program. Under the equity repurchase program, we may repurchase the Company's outstanding shares from time to time through open market purchases, in privately negotiated transactions, and under plans complying with Rules 10b5-1 and 10b-18 under the Exchange Act. As of March 31, 2018, we had \$1.0 billion in repurchase authority under the program.

We have in the past repurchased, and in the future, we may periodically consider repurchasing our outstanding notes for cash. The amount of any notes to be repurchased, as well as the timing of any repurchases, will be based on business, market and other conditions and factors, including price, contractual requirements or consents, and capital availability.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in domestic and international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any new development would require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts, Limited or through subsidiaries separate from the Las Vegas or Macau-related entities.

Off-Balance Sheet Arrangements

We have not entered into any transactions with special purpose entities nor do we engage in any derivatives, except for interest rate swaps and foreign currency forward contracts. We do not have any retained or contingent interest in assets transferred to an unconsolidated entity. As of March 31, 2018, we had outstanding letters of credit totaling \$17.7 million.

Contractual Obligations and Commitments

During the three months ended March 31, 2018, there have been no material changes to the contractual obligations previously reported in our Annual Report on Form 10-K for the year ended December 31, 2017, other than (i) the

borrowing of \$800.0 million on the Bridge Facility, which was repaid in April 2018, (ii) the borrowing of \$623.4 million on the Wynn Macau Senior Revolving Credit Facility, which matures in September 2020, (iii) the borrowing of \$250.0 million on the WA Senior Revolving Credit Facility, which was repaid in April 2018, (iv) the repayment of the \$1.94 billion Redemption Note, which was to mature in February 2022, and (v) the acquisition of a ground lease that has annual rental payments of \$3.8 million for the next five years and total payments of \$370.7 million thereafter.

Critical Accounting Policies and Estimates

A description of our critical accounting policies is included in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2017. There have been no significant changes to these policies for the three months ended March 31, 2018.

our current and future insurance coverage levels.

Further information on potential factors that could affect our financial condition, results of operations and business are included in this report and our other filings with the SEC. You should not place undue reliance on any forward-looking statements, which are based only on information available to us at the time this statement is made. Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices.

Interest Rate Risks

One of our primary exposures to market risk is interest rate risk associated with our debt facilities that bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings, supplemented by hedging activities as believed by us to be appropriate. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations.

Interest Rate Sensitivity

As of March 31, 2018, approximately 47.6% of our long-term debt was based on fixed rates. Based on our borrowings as of March 31, 2018, an assumed 100 basis point change in the variable rates would cause our annual interest cost to change by \$49.7 million.

Foreign Currency Risks

The currency delineated in Wynn Macau SA's concession agreement with the government of Macau is the Macau pataca. The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We also cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

We expect most of the revenues and expenses for any casino that we operate in Macau will be in Hong Kong dollars or Macau patacas. For any U.S. dollar-denominated debt or other obligations incurred by our Macau-related entities, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on our results of operations, financial condition and ability to service debt. Based on our balances as of March 31, 2018, an assumed 1% change in the U.S. dollar/Hong Kong dollar exchange rate would cause a foreign currency transaction gain/loss of \$24.8 million.

Item 4. Controls and Procedures

(a) Disclosure Controls and Procedures. The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective, at the reasonable assurance level, in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) Internal Control Over Financial Reporting. There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter to which this report relates that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

We are occasionally party to lawsuits. As with all litigation, no assurance can be provided as to the outcome of such matters and we note that litigation inherently involves significant costs. For information regarding the Company's legal proceedings see Item 1—"Notes to Condensed Consolidated Financial Statements," Note 13, "Commitments and Contingencies" of Part I in this Quarterly Report on Form 10-Q.

CCAC Information Request

In July 2014, Wynn Resorts (Macau) S.A. ("Wynn Macau SA"), an indirect subsidiary of Wynn Macau, Limited, was contacted by the Commission Against Corruption of Macau ("CCAC") requesting certain information related to its land in the Cotai area of Macau. Wynn Macau SA has cooperated with CCAC's request.

Item 1A. Risk Factors

A description of our risk factors can be found in Item 1A, Part I of our Annual Report on Form 10-K for the year ended December 31, 2017. There were no material changes to those risk factors during the three months ended March 31, 2018 other than resolution of certain litigation as discussed in Item 1—"Notes to Condensed Consolidated Financial Statements," Note 13, "Commitments and Contingencies" of Part I in this Quarterly Report on Form 10-Q.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

In January 2018, we purchased 672 shares in satisfaction of tax withholding obligations on vested restricted stock at an average price of \$168.73 per share, for a total amount of \$0.1 million.

In March 2018, we purchased 2,358 shares in satisfaction of tax withholding obligations on vested restricted stock at an average price of \$168.42 per share, for a total amount of \$0.4 million.

None of the foregoing repurchases that occurred during the three months ended March 31, 2018 were part of the Company's publicly announced repurchase program. As of March 31, 2018, we had \$1.0 billion in repurchase authority under the program.

Item 5. Other Information

The Company adopted the new accounting guidance for revenue recognition ("ASC 606") on January 1, 2018. The Company elected to adopt this guidance using the full retrospective method, which requires the Company to adjust each prior reporting period presented consistent with the guidance. The following tables (dollars in thousands, except for ADR and REVPAR) present the full year and each quarter of 2017 on a basis consistent with the new guidance. Beginning with the quarter ended March 31, 2018, the Company's financial information reflects the adoption of the guidance with prior periods adjusted accordingly.
